Please give us a written statement telling us about your special needs because of a family situation, such as unemployment, illness, other siblings in school, etc. Please make us aware of any community activities you have been involved in and finally, tell us how you developed an interest in the culinary arts and expound on your future goals.

This scholarship was formed to honor Ed Poswiatoski who passed away in November 2014. Ed had many interests such as fishing, golfing, and cooking. This latter interest was a passion and a gift to his community of Southbridge. He cooked meals for St. Hedwig's fellowship which was organized by the St. Stanislaw Society. For many years he cooked meals which were fundraisers for Boy Scout Troop 160. We hope that as you progress in this your chosen field that you also remember to give back to your community.

ADDITIONAL INFORMATION:

Please have your guidance department attach a copy of your transcript and any school or community activities that you may want to bring to our attention.
