

Backpack Policy 2020-2021

Bay Path will be continuing to mandate the use of mesh or clear backpacks for its students during the school day in order to continue to create a safe school setting. If your student wishes to use a backpack during the school day, it is their responsibility to acquire one and it must be either mesh or clear plastic to create transparency. Freshmen will be given one at the beginning of the school year. See below for websites that have examples of acceptable backpacks. You do not need to get these specific brands, they are just examples to help with the process.
