August 2020

Dear Parents/Guardians & Class of 2023,

Welcome to sophomore year! I want to personally thank you for your efforts and commitment during distance learning at the end of freshman year. The challenges, obstacles, and learning curves that you succeeded through are commendable. I appreciate all of your efforts, I am lucky to be working with such great families and students. As this year may present itself with additional adjustments to how we learn, I do believe together again we will be successful as we move through the year.

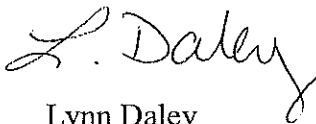

I hope you had a great summer, and enjoyed your time off. You survived freshman year and have adjusted to the demands of Bay Path. Now you are ready for the next chapter of your high school career, **Sophomore Year!** This year your teachers will be preparing you for the MCAS. Yes, the test you have been preparing for your entire education is now upon us. Your teachers will be pushing you to do your best. **A word of advice, Listen, Learn, and most importantly DO YOUR HOMEWORK AND ATTEND SCHOOL EVERY DAY!!!** I know you learned from freshman year how important homework completion is for academic success. It is even more important this year. Your home work will help you prepare for the MCAS.

Sophomore year is a big year with great opportunities ahead. Now is the time to start thinking about your future. **What do you want to do after you graduate from high school?** Do you want to work, go to college, pursue post-secondary education, join the military? **There are so many possibilities waiting for you to take advantage of. It all begins with hard work and a goal.** Here at Bay Path we will help you reach your goal.

Don't forget about your account on **Naviance!!** Freshman year every student created their own account so they can have access to this great career tool. Visit **<http://connection.naviance.com/bayprv>** to log into your accounts. This website allows students and families to search for **careers, navigate through college searches, and take a variety of interest inventories to begin goal setting** upon graduation. Your child has already taken a few interest inventories during their freshman year and their results can be found by accessing their account.

Again, I am grateful to be able to work with The Class of 2023. Together we will navigate through sophomore year. Please feel free to contact me anytime with questions or concerns or even to share proud accomplishments. I look forward to seeing you all.

Sincerely,

Lynn Daley
